## Diagnosis

Back pain - Primary  
Headache - Secondary  
Back pain - Primary  
Headache - Primary

## Treatment

### 1. Capule Paracetamol (100 mg)

(After Food)

1-1-2

**Duration:** 1 day

### 2. Capule Aspirin (150 mg)

Daily One Tablet (Before Food)

Once in the afternoon, after lunch

take it empty stomach

**Duration:** 1 day

## Investigation

In some cases, however, a single precipitating factor of TTP can found to be present.

## Advice

This patient is anemic, with a hematocrit of 0.34. This is a hemolytic anemia, and is caused by her TTP.
