Precipitating Event

Required with rain-related items, and not just from the sky

History

harting takes time and can be tedious. It is good to get into the habit of establishing regular time to get your charting done.

Permanent History

Required with rain-related items, and not just from the sky

Mental Status Examinations

Mental Status Examination (MSE) reports can be more or less detailed. More detailed reports are necessary when patients or clients exhibit a complex array of psychiatric symptoms.

Psychiatric Assessment Scales

When a person presents to a general healthcare setting suffering from a CMD, the symptoms rarely fit neatly into the distinct diagnostic categories for a psychiatric disorder.
