Patient Name: Mansi M Pandya

Age: 25 Year(s)

Gender: Female

Patient Id: 201805002

Contact No: 07405888560

Date: 12-05-2018

Chief Complaints

It is possible that this lady has pulled a muscle in her leg. Diagnosis of a muscle injury when there is no restriction in movement is difficult, and the treatment is the same as for a stress fracture.

History of Present Illness

4 to 8 weeks

Precipitating Event

?????? ???? ?????? ???? ?????? ??, ??? ?????? ?????????? ? ????

History

harting takes time and can be tedious. It is good to get into the habit of establishing regular time to get your charting done.

Mental Status Examinations

Mental Status Examination (MSE) reports can be more or less detailed. More detailed reports are necessary when patients or clients exhibit a complex array of psychiatric symptoms.

Allergies

Recorded on 01-01-1970

Treatment

()

Remark : ()

Duration:

Investigation

The patient's willingness to disclose emotional concerns will depend partly on the ability of the healthcare professional to make them feel comfortable to do so.

Advice

Avoid sunlight

Doctor Name : Dr. Parth Vaishnav
