Mayflower Hospital

05, Zydus hospital, Sarkhej Gandhinagar Highway, Zydus hospital, Sarkhej
Gandhinagar Highway, Ahmedabad - 380009

Patient Name: reva a ganthi

Age: 32 Year(s)

Gender: Female

Patient Id: 201805016

Contact No: 7698148139

Date: 14-05-2018

Chief Complaints

It is possible that this lady has pulled a muscle in her leg. Diagnosis of a muscle injury when there is no restriction in movement is difficult, and the treatment is the same as for a stress fracture.

Assessment Notes

Describe length of symptoms, any similar symptoms in the past and what attempts were made to decrease symptoms.

History of Present Illness

In patients with an ulcer present at the time of initiation of therapy.

History

Pleasant, obese 62 year old female currently in no apparent distress.

Permanent History

Several small, nonpalpable purpura on each upper arm. Two medium brown plaques on back with irregular borders – one is 1x1 cm and located at the midline.

Mental Status Examinations

Mental Status Examination (MSE) reports can be more or less detailed. More detailed reports are necessary when patients or clients exhibit a complex array of psychiatric symptoms.

Allergies

Recorded on 01-01-1970

Treatment

1. Syrup Cough (1.2 ml)

Remark :

Duration:1 day

Notice: Undefined offset: 1 in C:\xampp\htdocs\samvedan\Samvedana\case_manager\template_casemanager.php on line 316

2. Capule Aceclofena (350 mg)

Remark : (After Food)

Duration:1 day

Investigation

The patient's willingness to disclose emotional concerns will depend partly on the ability of the healthcare professional to make them feel comfortable to do so.

Advice

Avoid sunlight

Doctor Name : Dr. Parth Vaishnav
